Subject: RE: U.S. CCPR Interest Group - October Kickoff Meeting for CCPR-52

Hello Aaron and David. Apologies for the late response.

Nichino America, Inc. would like to nominate Pyraziflumid for a new use evaluation for JMPR 2023. We will be sending in the formal nomination form early next week (thank you for your patience).

Our parent company Nihon Nohyaku Co. Ltd. (Tokyo, Japan) had already nominated Pyraziflumid for a new active ingredient evaluation (JMPR 2020) for apple, pear, and grape (residue data from Japan / Japanese registration).

In the US, Pyraziflumid is a new active ingredient under evaluation at EPA (as part of a NAFTA submission with Canada and Mexico) with a PRIA decision date of Dec. 13, 2021. Once approved, we would like to have JMPR evaluate Tree Nut Crop Group 14-12 (rep crops = almond and pecan) and Stone Fruit Crop Group 12-12 (rep crops = cherry, peach and plum). Given the PRIA decision date of Dec. 13, 2021, and the likelihood of renegotiation for the decision date, we would like to nominate for a new use evaluation for JMPR 2023.

As this is our first nomination through the US CCPR delegation, please feel free to provide advice and guidance. Thank you in advance.

Regards,
Lydia Cox

Subject: RE: U.S. CCPR Interest Group - October Kickoff Meeting for CCPR-52

Dear U.S. CCPR Interest Group,

We look forward to speaking with you today and have attached the meeting agenda for your reference (this can also be found attached to the meeting calendar notice).

We have also previously shared the CCPR Schedule/Priority List broadcast letter for new nominations for 2022 and beyond (issued by Karina Budd of the Australian Delegation). This letter is attached for your reference, along with the current CCPR Schedule/Priority List.

As we with previous years, the U.S. delegation will coordinate submission of U.S. nominations. If you are interested in making a nomination, please let the U.S. Delegation know as soon as possible and review the broadcast letter and addition instructions below.

U.S. Stakeholder Instructions

The Codex Electronic Working Group (eWG) on Priorities has requested additional nominations to the Priority List of Pesticides from the U.S. Delegation, to be considered at the next CCPR meeting. Nominations are due to CCPR by **November 30, 2020**.

Please aim to submit nominations to the US Delegation on or before **Friday, November 8, 2020**. To submit a nomination for consideration by the US Delegation to CCPR, please respond electronically to David Miller (Miller.DavidJ@epa.gov) and Aaron Niman (Niman.Aaron@epa.gov) and fill out the attached nomination form ("Nomination Form for CCPR Blank.doc"). Please also review the draft Priority Lists of Pesticides attachment for any updates (commodities, field trial information, etc.) or opportunities to reschedule currently scheduled compounds.

Information on the CCPR schedule and priority list is provided in the attached letter and Excel spreadsheet and also available on the "**CCPR-Priorities-2019**" Forum on the Codex IT Platform.
